Donaghys Premix

ProMonensin

For oral use in cattle

Powdered premix containing Sodium Monensin to aid in the treatment and prevention of bloat, ketosis and coccidiosis.

Active ingredient

Sodium Monensin 200g/kg
(as Monensin Sodium)

Net contents

20 Kg

Warning

Keep out of reach of children for animal treatment only.

Donaghys
Performance First
DIRECTIONS FOR USE

By law the user must take due care, obtaining expert advice when necessary, to avoid unnecessary pain and distress when using the product other than as directed on the label.

All rations, including silage, dry feeds, wet feeds, should be converted to a 90% dry matter basis for calculation of the ProMonensin Premix 20 addition rate.

FEEDLOT CATTLE
In supplements: Thoroughly mix ProMonensin Premix 20 into the supplement to provide 100-360mg monensin per animal per day, when the supplement is fed at its recommended rate. This is equivalent of providing 0.25 to 1.8 grams of ProMonensin Premix 20 per animal per day.

CALVES
In supplements: Thoroughly mix ProMonensin Premix 20 into the supplement at a rate of 0.5kg ProMonensin Premix 20 per tonne of feed. This is the equivalent of 100 ppm (mg/kg) of monensin active ingredient in supplement. This is equivalent of providing 0.5 gram of ProMonensin Premix 20 per calf per day when supplement is fed at 1kg per calf per day.

BEEF CATTLE, BEEF COWS & HEIFER REPLACEMENTS
In supplements: Thoroughly mix ProMonensin Premix 20 into the supplement to provide 200mg monensin per animal per day when the supplement is fed at its recommended rate.

This is equivalent of providing 1 gram of ProMonensin Premix 20 per animal per day.

DAIRY COWS
In supplements: Thoroughly mix ProMonensin Premix 20 into the supplement to provide 300mg monensin per animal per day when the supplement is fed at its recommended rate. This is equivalent to providing 1.5 grams of ProMonensin Premix 20 per animal per day. When feeding ad-lib, in loose or pelleted supplementary feeds, do not feed in less than 0.5kg of feed per cow per day.

SHEEP & GOATS
Complete Feeds: Thoroughly mix ProMonensin Premix 20 into the ration at a rate of 0.025 to 0.1kg of ProMonensin Premix 20 per tonne of final feed. This is the equivalent of 5 to 20 ppm (mg/kg) of monensin active ingredient in the final feed.

In supplements: Thoroughly mix ProMonensin Premix 20 into the supplement to provide 7.5mg to 40mg monensin per animal per day when the supplement is fed at its recommended rate. This is the equivalent of providing 0.0375 to 0.2 grams of ProMonensin Premix 20 per animal per day.

DONAGHYS
PERFORMANCE FIRST
DANGER CORROSIVE Dangerous for Environment

CONTRAINDICATIONS
Do not treat cattle with products containing erythromycin, tiamulin or oleandomycins while using ProMonensin Premix 20.

NOTE
Bloat is unpredictable. As with any bloat treatment, HERD OBSERVATION IS STILL REQUIRED during bloat challenge periods.

CAUTION
Optimal bloat control is achieved when a 300 mg per cow per day dose is ingested. If the supplement chosen is not eaten by stock, individual dosing may be preferable.
Do not exceed the recommended levels of Monensin as reduced average daily gain may result.
DO NOT ALLOW dogs, horses or other equines access to feeds containing Monensin. Ingestion of Monensin by dogs and horses has been fatal.

SAFETY PRECAUTIONS AND DIRECTIONS
This material may be dangerous if swallowed or inhaled.
Avoid contact with skin and eyes.
Avoid breathing dust. When handling, wear PVC or NEOPRENE gloves, waterproof clothing and face shield.
Remove contaminated clothing and footwear immediately after work. Do not eat, drink or smoke while using ProMonensin Premix 20. Wash thoroughly before meals and after work. May cause skin irritation. Repeated exposure may cause skin allergy. May cause eye damage. Wear eye and face protection.

FIRST AID
If swallowed, inhaled or splashed on skin or eyes, contact the National Poison Centre 0800 POISON (0800 764 766) or a doctor immediately. Remove any contaminated clothing and wash skin thoroughly. If swallowed DO NOT induce vomiting, activated charcoal may be advised. If eye contact occurs, hold eyes open and rinse cautiously with water for several minutes.

ENVIRONMENTAL PROTECTION
Harmful to aquatic organisms. Avoid contamination of any water supply with product or empty container. Harmful to the soil environment. Very toxic to terrestrial vertebrates, especially to horses and dogs. Prevent access and avoid release to the environment.

EMERGENCY RESPONSE
In case of spillage wear appropriate protective clothing and prevent material from entering water ways. Absorb spills with inert material and place in waste containers. Sweep up solids without creating dust. Wash area with water and absorb with further inert material. Dispose of waste safely.
For specialist advice in an emergency call 0800 CHEMCALL (0800 243 622).

DISPOSAL
Preferably dispose of product by use. Alternatively dispose of product and packaging at an approved landfill or other approved facility. Burn empty packaging, if circumstances such as wind direction permit. Otherwise bury in suitable landfill.

IMPORTANT NOTICE - CONDITIONS OF SALE
ACCEPTANCE AND USE OF THIS PRODUCT WILL BE DEEMED TO BE ACCEPTANCE OF THESE CONDITIONS OF SALE.

Results from the use of this product may be affected by factors beyond Donaghys control. These factors include but are not limited to mixing, use, time of application, weather, crop, crop lifecycle and resistance to the active ingredient, even though the product is reasonably fit for its stated purpose and label directions have been followed. Donaghys will replace any defective product free of charge, but to the extent permitted by law all other warranties, representations, conditions or obligations whether imposed or implied by law or otherwise, and the manufacturer's and supplier's liability for any indirect special or consequential losses or damages of any kind arising out of the supply and/or use of this product, including where it arises out of negligence, are expressly excluded. IN ANY EVENT, TO THE EXTENT PERMITTED BY LAW, THE MANUFACTURER'S AND SUPPLIER'S LIABILITY ARISING OUT OF THE SUPPLY AND OR USE OF THIS PRODUCT IS LIMITED TO THE AMOUNT PAID FOR THE SPECIFIC PRODUCT.
