

# DONAGHYS DEAL

## How the Pricing Works

- The Price Band levels (\$2500-\$5999, \$6000-\$11999 etc), are at Retail Standard Pricing excluding GST.
- A Customers order value is calculated at its Standard value to determine which Price Band they fall into.
- The discounted rates from that Price Band can then be applied to the Customer to calculate the actual charge to the Customer and their savings.
